Outstanding Craftsmanship in this beautiful GreenPod 2006 houseboat vessel was built to demanding standards. From the wave shaped cedar siding to the quality PT Fabricators steel hull, this houseboat is both artistic and built to last for years to come. Artistic interior touches include curved beams, arched stained glass door, clerestory windows, tiger-wood countertops in the kitchen and bath, 4 burner propane range/oven, 3/4 bath with tile shower, marine toilet. Beautiful hardwood floors, outstanding cabinetry, cedar shake exterior & shake roof with transom windows that keep it bright year round. Vaulted ceilings, tongue & groove ceiling, stained glass doors opens to a small deck to put your toes in the water and enjoy lake life. Pellet stove (heat source) keeps heating cost down and feels so good.
